PANGSAPURI ENGGANG

Enggang Project- Pusat Sama-Sama

Enggang Project- Pusat Sama-Sama

We have started a centre called Pusat Samasama (PSS) at the Enggang Community in 2010, a project designed to meet the needs of the poor families and individuals within the community.

Currently, we're running Financial Literacy Programme (FLP- a project in collaboration with Malaysian Care) with the objective to educate the Enggang Community on the fundamentals of money savings, budgeting etc. Ultimately our goal for them is to break away from the poverty cycle, and the families who succeed will be able to help the other poor families within the programme.

We conduct different activities such as Guided Study, Computer Class, Indoor Games for students, Enggang Star (youth programs) etc. The centre is also providing job employment opportunities to the individuals from the community to sow back to the community by running the activities at the centre.

Goals for PSS centre:

Provides tuition and life skills for the people within the community

Provides healthy activities for teens and children

Provide family counselling services

Financial Literacy Program (Every 3rd Sunday)

Financial Literacy Program's Graduation

Football Training (Every 1st and 3rd Saturday)

Frisbee Training (Every Saturday)
